An internship in my office provides an excellent opportunity to learn, observe, and work in government service. Interns will participate in a wide array of activities ranging from constituent relations to legislative research. Students can expect to be provided with the chance to gain experience and knowledge that may be readily applied to future challenges and professional pursuits. Expectations of interns are high, but candidates will be given the chance to make a genuine contribution to my efforts on behalf of the state of Nebraska and our nation.

Congressman Terry welcomes all applicants who demonstrate academic excellence and commitment to public service. While preference is given to Nebraska residents, students from all backgrounds are encouraged to apply. Applicants are generally 21 years of age or older.
